## SWIFT Processing Service (SPS)

*Are you interested in reducing your SWIFT software operating costs to a predictable monthly fee while taking advantage of the latest SWIFT messaging capabilities without the complexity of system maintenance and upgrades? Consider our SPS Service...*

SPS is JRI America's cost effective SWIFT interface in use by some of the largest financial institutions in Europe and North America. JRI America, in cooperation with Sumitomo Mitsui Banking Corporation is uniquely positioned to provide you with existing and future SWIFT messaging needs.

**REFOCUS KEY RESOURCES ON YOUR CORE BUSINESS.** SPS is conveniently accessed via the Internet or dedicated telecommunications facilities. We manage the systems and software, while your business users gain access to key functions such as message entry and repair, inquiries, and queuing at any time from any location and you can refocus your strategic IT resources on your core business.

**SPS PROVIDES FULL SUPPORT FOR SWIFTNET FIN MESSAGING.** SPS provides full access to SWIFTNet FIN and our customers retain their unique identity on the SWIFT network.
